

ADJUSTABLE VA PROTECTOR

Features

- Compact modular 36 mm housing
- Wide input Voltage range
- Real time voltage and current display
- Reset mode: Automatic reset or Manual reset
- Security password for setting

Protection Functions

- Over Voltage
- Under Voltage
- Over Current

Technical data:

Input terminals	L , N
Rated voltage	AC 220V , 50/60Hz
Operating range	80-350V AC
Rated current	40/63 Amps
Over voltage range	130-300V AC
Under voltage range	80-220V AC
Over current setting	AC 1-40 A / 63A (Resistive load)
Measurement range	1%
Mechanical life	1 X 10 ⁶
Electrical life	1 X 10 ⁶
Working condition	-20 ⁰ C to +55 ⁰ C , <= 85% RH, non condensing
Mounting	35 mm Din rail
